How to give it

1. Buy the eBook at **braffess.com/shop**. At checkout, enter the **email address of the person it is for**, not your own.
2. Their copy is sent to that inbox within minutes, and it is licensed to that address.
3. Print this page, cut out the card, write their name and that email address on it, and hand it over.

The book is a PDF. There is nothing to wrap and nothing to wait for, so it can be bought on the day you give it.
